

How to pay for college.

Because it takes more
than good grades.

We all know that a college education can make a big difference in a child's life. That's why I encourage you to join me for a complimentary college funding seminar.

Here's what we'll cover:

- The student loan landscape and its effects on college graduates
- How much a four-year degree costs today—and what it may cost tomorrow
- Available options parents have when building a college funding plan
- Resources you can turn to for more information and assistance

See why it's never too late to start a college funding plan. If you have a child or grandchild, you won't want to miss this informative event.
